Best Pizza On The Continent!

I have been all over the continental United States as a Marine, a musician, and an investigator for great pizza where ever my travels take me. To date, Cloverleaf has the BEST pizza I have ever eaten. That might be a bold statement. This beats the others hands down. Until you have tried it, there will be that one thin on your list of things to do before you die. Don't wait...life is too short.
